We started an electrical business out of our garage over 25 years ago. Today our business works on multi-million dollar projects and employs over 40 people.

I left the security of full-time employment to follow my passion and started a bakery.

I am getting a college degree so that I can give my boys the best possible life.

I learned how to be a responsible homeowner and built a home on my ancestral land.

A woman with long, dark hair is shown from the chest up, wearing a bright orange jacket. She is looking slightly to her left with a neutral expression. The background is a dark grey wall with white text. At the top, there are some red brushstroke-like marks. The text 'COLLECTIVE' is written in a bold, white, sans-serif font across the middle. Below it, the word 'MISSION' is written in a larger, bold, white, sans-serif font. The lighting is soft, coming from the right side, possibly from a window.
